

## This is Nationally Advertised Goods Week

AND WE WOULD CALL YOUR SPECIAL ATTENTION TO THE ADVANTAGES OF BUYING AND USING STANDARDIZED, NATIONALLY ADVERTISED GOODS. It is only reasonable to expect them to be better than goods that have no advertised reputation or name. The goods must be as good as the advertising claims them to be. One of the best things too is that you can buy these nationally advertised goods here in The Peoples Warehouse just as cheap and in most cases cheaper than many stores ask for take-a-chance, no name goods. Investigate and see for yourselves.

### Have you bought your new Overcoat yet?

If not, it's pretty certain that you will soon, isn't it?

With that firmly settled the next question is, "Where are you going to buy it?" Naturally at a store that features "Quality" goods and where the stock is large enough to afford you a good choice.

The store must also be one where merchandise is guaranteed to give satisfactory wear and where you will be sure of value in every particular.

These essentials dovetail very nicely with our methods of doing business, so you should consider our store as a prospective purchasing place. We'll both find a lot of pleasure in coming together on the overcoat question,—you, because you will be well pleased with the coats we'll show you,—and we, because we'll have earned your good will. Why not do it now? They are priced from \$7.50 to \$25.00.

#### SHEEPMEN TO MEET.

(Continued from page one.)

congressmen urging land legislation which may enable individual settlers to obtain 640-acre tracts in the west, the problem of adequate grazing facilities becomes more serious. Sheepmen will profit by any action that will insure a clearer understanding of their position by the senators and future of the federal domain in the west.

It seems that there is at least some occasion for making this meeting a justification meeting, but the sheepmen are of a different mind. They have had many years of adversity and now realize the responsibility of the further development of their business.

The shortage this year is making all feeders desirous of expansion in

range breeding operations. This can be accomplished only through more secure range conditions, which probably will be the principal object sought by sheepmen of Oregon in the next year.

We are also desirous of having a law that will compel manufacturers to label all cloth with the amount of pure fleece wool it contains.

In order to accomplish the many things before the sheepmen, it is up to them to attend this meeting and make it bigger and better than ever before.

Yours for a successful meeting at Pendleton. JNO. G. HOSE, Sec.

The Halloween dance given Saturday evening in the Eagle-Woodman Hall by the U and I Club was a conspicuous success among the many Halloween events. A large number of dancers enjoyed the occasion. The illumination of the hall was done almost entirely by Jack-o'-lanterns made by electric lights inside of grotesquely carved pumpkins. Big shocks of corn stalks added to the novelty of the decorations. In the center of the hall was an old well from which the guests drew forth mugs of elder. Doughnuts like mother used to make completed the Halloween refreshments.

There were thirty-eight old and new members of the club present and a delightful evening was spent in Halloween games.
